

KUDOS for Kathy's storytelling

Kathy has performed twice at our county library...she proved herself to be a confident and polished storyteller whose original stories appealed to children and their parents. She keeps her audience enthralled.

From Connor

Kathy has...become one of our most popular presenters... Her versatile repertoire of original stories and traditional folktales creates a very multicultural experience for her audience.

Stephanie Gregorwich, Executive Director, Young Alberta Book Society

I liked all the stories you told. I hope you can come again.

From your Great Friend Claire

I have been fortunate to have shared storytelling programs with Kathy in various Canadian locations, and to have heard her on her own. She is an extremely engaging storyteller who quickly establishes a great rapport with her listeners. Her energy, enthusiasm, and love of storytelling are immediately apparent.
